# Wiha ErgoStar

Convenient and quick – it just can't get better

## L-keys from Wiha:

- **Simple, quick extraction**
- **A firm hold**  
Excellent clamping of L-keys
- **Compact design**  
Fits in every workbench and toolbox
- **Hanging possible**
- **High-quality L-keys**  
Through-hardened chrome vanadium steel

Also available with wall bracket\*

\* only available together with Wiha ErgoStar

## ErgoStar – one turn and it's done!

All L-keys are ready for extraction with a single turn, quicker, more simply and more clearly than ever before.

The trick with the new Wiha ErgoStar is as simple as it is effective: Rotating a single L-key in the holder means that all keys are opened at the same time.

### Assortment:

An assortment of 1.5, 2, 2.5, 3, 4, 5, 6, 8, and 10 ensures everyone is happy. As well as individual L-keys the Wiha ErgoStar is also available as a self-service blister pack and in a display.
